

D486A-P

Various Type Extension Function

Chipset list :

- . PCMCIA : Ricoh R5C486 Two PCMCIA TYPE II/III Chipset For D486A-P

Technical Data :

- . Ricoh R5C486 PCMCIA Chipset compliant PC-104 Plus spec interface card
- . Supports Two Ports card socket
- . CardBus (Card-32) Card only
- . Compliant with PC Card Standard Release 8.0 Specification
- . Compliant with i82365SL compatible register set / ExCA
- . Supports INTA# and INTB# for PC system interrupt.
- . Supports Serialized IRQ

Dimension :

- . PC-104 Plus Card 112 x 96 mm

Driver :

- . MS Windows 2K / XP / XP Embedded , Linux 2.6
