P541A PCI Card

Totoal Solution for Net Server Application

Special Features :

P541A Multi-Lan Ports PCI Card integrated with Intel Chipset which provides 4 x Lan Ports + 2 x Mini PCI Slot. The Multi-Lan Port can be the Net Server Application . The Mini PCI slot shares with 4 / 3 Lan Port and customer can install with WireLess Mini PCI card.

Technical Data :

- . PCI Bridge ChipSet : Pericom PI7C8150B for 32bits / 33 Mhz or 32bits / 66 Mhz
- . PCI Statarad : PCI 2.2 / 2.3
- . Lan ChipSet : 4 x Intel 82551QM for 10/100M
4 x Intel 82541GI for 10/100/1G
- . Wake On LAN (PME) Function : Yes
- . Full Duplex Flow Control : Yes
(IEEE 802.3x)
- . PXE and RPL boot Function : Depend on M/B BIOS Support
- . Mini PCI socket : 1 (2nd for option)
- . LAN LED : Yes, Pin Head on board
- . Driver : MS Windows 98/ME/2000/XP, Linux

Order Information:

Model	Lan ChipSet
P541A-4U	4 x Intel 82541GI for 10/100/1G
P541A-4T	4 x Intel 82551QM for 10/100M
