

## P811B PCI Card

### Totoal Solution for Net Server Application

#### Special Features :

P811B Multi-Lan Ports PCI Card integrated with Realtek Chipset which provides 4 x Lan Ports + 2 x MinPCI Slot(2nd mini-PCI is option). The Multi-Lan Ports can be the Net Server Application.The MinPCI slot shares with 4 / 3 Lan Port and customer can install with Wireless MinPCI card.

#### Technical Data :

- . PCI Bridge ChipSet : PLX PCI 6152 33BC
- . PCI Statard : PCI 2.2
- . Lan ChipSet : 4 x Realtek RLT8100C for 10/100M  
4 x Realtek RLT8100SB for 10/100/1G
- . Wake On LAN (PME) Function : Yes
- . Full Duplex Flow Control : Yes  
(IEEE 802.3x)
- . PXE and RPL boot Function : Depend on M/B BIOS Support
- . Mini PCI socket : 1 ( 2nd for option )
- . LAN LED : Yes, Pin Head on board
- . Driver : MS Windows 98/ME/2000/XP, Linux

#### Order Information:

Model	Lan ChipSet
P811B-4R	Realtek RTL8100C 10/100M, 2 x MINI PCI socket
P811B-4G	Realtek RTL8100SB 10/100/1G, 2 x MINI PCI socket
