

## **Specification**

**Smallest and lightest case with big LCD screen and great expansion ability**

### **Dimension**

15.9" (W) x 10.4" (H) x 7.8" (D)  
40.4CM (W) x 26.4CM (H) x 19.8CM (D)  
Full system weight: 30.0lbs (13.64 KGs)

### **System Configuration**

Black ABS fireproof chassis  
14.1" TFT Color LCD: 1024 x 768  
Pentium 4 Micro ATX i865G 2.0/3.0Ghz  
512MB DDRAM  
40GB/80GB HDD (Optional)  
1.44MB FDD  
105 keys heavy-duty mechanical keyboard with built in touch pad (PS/2 Port) Optional track ball available.  
Various available keyboard layouts in different languages  
Slim CD-ROM (CD-RW, DVD Combo-Optional)  
Built-in dual speakers

### **Power Supply**

Industrial level 300W power supply  
Input voltage: 110/230 VDC @ 47/63Hz  
Output voltage: +3.3V @ 28A, +5V @ 30A, +12V @ 22A, -5V @ 0.5A, -12V @ 0.8A+5VSB @ 2A UL/CSA/TUV/CE approved

### **Cooling**

Dual 8cm system fan

### **Accessories**

Carrying bag (Optional Trolley case with wheels), assembly parts, power cord

### **Operating Temperature and relative humidity**

0 to 50 degree C (32-133 degree F)  
Relative Humidity from 5-85%

### **OEM Specification Welcome**
